

includes/vectors/vector.hpp

```
graph TD; A[includes/vectors/vector.hpp] --> B[vector]; A --> C[iostream]; A --> D[sstream];
```

A diagram illustrating the inclusion of standard library headers in a C++ program. At the top, a gray rectangular box contains the text `includes/vectors/vector.hpp`. Three blue arrows originate from the bottom of this box and point downwards to three separate white rectangular boxes arranged horizontally below it. The leftmost box contains the text `vector`, the middle box contains `iostream`, and the rightmost box contains `sstream`. All boxes have a thin gray border.
